

## Material Safety Data Sheet

### Flamestop Wet Chemical

Date of Issue: July 2010

#### 1. IDENTIFICATION

Product Name: FlameStop Wet Chemical

Manufacture/Supplier: FlameStop Australia Pty Ltd

1/70 Gibbes Street

CHATSWOOD NSW 2067

Tel: +61 2 9932 2020

Fax: +61 2 9932 2022

UN Number: None

Dangerous Goods Class: None

Subsidiary Risk: None

Hazchem Code: None

Packaging Group: None

Poison Schedule: None

Non-Hazardous According to the Criteria of Worksafe Australia

Part No. / Product Code: AOWC21 / 6671021

Recommended Use: Fire Extinguisher Solution

Product Description/Properties

Appearance: Clear, practically colourless and odourless

liquid

Boiling Point / Melting Point No information available

Vapour Pressure No information available

Percent Volatile's: No information available

Specific Gravity / Bulk Density: 1.17

Flash Point: No information available

Flammability Limits: No information available

Auto ignition Temperature: No information available

pH (Neat): 8.85

Shelf Life: 2 Years

Ingredients: CAS No. Range (w/w)

Ingredients not considered hazardous by Worksafe Australia. to 100%

## 2. HEALTH HAZARD INFORMATION

### Health Effects

Swallowed: Capable of causing irritation if swallowed

Eye: Capable of causing irritation.

Skin: The product may cause irritation with long and repeated contact.

Inhaled: Available information indicated that there is little or no hazard when vapours from the product are inhaled.

### First Aid

Swallowed: Immediately remove product from the mouth, and give water to drink to effectively dilute the product. Contact a Doctor or the Poisons Information Centre in your capital city for further advice.

Eye: Irrigate with copious quantities of water for at least 15 minutes and seek medical attention if effects persist.

Skin: Wash skin thoroughly with water.

Inhaled: Not needed.

Advice to Doctor Treat symptomatically.

### 3. PRECAUTIONS FOR USE:

Exposure Limits: No data found.

Ventilation: Not needed.

Personal Protection: As the product can cause eye irritation, safety glasses or goggles must be worn.

The use of rubber gloves is recommended for prolonged use.

Flammability: The product poses no flammability hazard

### 4. SAFE HANDLING INFORMATION:

Storage and Transport: Store away from foodstuffs. No special transport precautions are needed.

Spills and Disposal: Absorb with dry earth, sand or a similar material, shovel up and dispose of in an area approved by local authority by-laws.

Small spillage's may be safely mopped up or flushed to drain with water, if permitted. Incineration of disposed material is not recommended, as it is unlikely to adequately burn.

Fire/Explosion Hazard: The product is non-combustible; however, the packaging material may burn to emit noxious fumes. Fire fighters should wear self-contained breathing apparatus to minimise risk of exposure to vapour or products of combustion. Extinguish fires with water spray, foam, carbon dioxide or dry chemical powder.
