

Workplace First Response Fire Training

(Fire Extinguisher Training)

Overview

Our Workplace First Response Fire Training Course is designed to ensure participants are suitably versed in the safe use of fire extinguishers, and fire blankets. Also known as 'Confine small workplace emergencies', this training course includes both a theory and a practical component to ensure that successful participants can safely attend and resolve confined small workplace fire incidents. This course is a must to meet the guidelines of Australian Standard AS3745-2010.

Course Content

- Fire triangle theory
- Raising the alarm
- Fire safety and evacuation
- Classes of fire
- Types of fire extinguishers
- Safety procedures when fighting fires
- Firefighting tactics
- Practical sessions

Using a fire extinguisher and fire blanket, participants will gain hands-on practical experience with fire-fighting equipment. They will also be instructed in correct firefighting tactics and safety procedures.

Learning Outcomes

1. Prepare for emergency situations
2. Identify and assess the emergency
3. Safely confine emergencies where possible
4. Use initial response equipment
5. Report workplace emergency response

Duration

Approximately 2 hours

Delivery Method

Onsite - Classroom theory via PowerPoint presentations, including audio-visual material and practical activities that simulate workplace incidents relating to fire.

Site Requirements

This course is principally designed for delivery at the clients' premises for maximum group size of 15 participants.

To conduct theory presentation we require a boardroom/classroom with facility to darken room for computer projection. To conduct practical extinguisher use we require an outdoor area.

Participants Requirement

Participants are required to wear comfortable clothing and closed in shoes.

Certification

Upon successful completion of the course, each participant will receive a Certificate of Competency.
